PRESENTS

***Pharmacy-Based
Immunization Delivery:
A Certificate Program***

Saturday, Oct. 31, 2009
8:00am- 6:00pm
Howard University
School of Pharmacy
2300 4th Street, NW
Washington, DC

PROGRAM PURPOSE

Pharmacy-Based Immunization Delivery is an innovative and interactive training program that teaches pharmacists the skills necessary to become a primary source for vaccine information and administration. The program teaches the basics of immunology and focuses on practice implementation and legal/regulatory issues.

OBJECTIVES

1. Provide comprehensive immunization education and training
2. Provide pharmacists with the knowledge, skills, and resources necessary to establish and promote a successful immunization service
3. Teach pharmacists to identify at-risk patient populations needing immunizations
4. Teach pharmacists to administer immunizations in compliance with legal and regulatory standards
