**From: Pharmacy Learning Network # Pages (including cover sheet) 10**

### *CPE-Accredited Conference for Health-System Pharmacists*

**Earn up to 7 Contact Hours!**

**September 25, 2010**  
**Washington, DC**

The Grand Hyatt Washington  
1000 H Street Northwest  
Washington, DC 20001

7:00 am to 5:00 pm  
Breakfast and Lunch Provided

**Register TODAY to attend!**

**From The Moderator**

*"When considering the exponential growth in knowledge now required by health-system pharmacists, an educational system specifically tailored to meet these needs is optimal. PLN provides an exceptional opportunity for health-system pharmacists to participate in live, full-day educational conferences across a number of important pharmacotherapeutic categories to specifically meet these educational needs."*

Randolph V. Fugit, PharmD, BCPS  
Adjoint Assistant Professor, Pharmacy Practice  
University of Colorado Health Sciences Center

## Live, Local Learning for Health-System Pharmacists

September 25, 2010  
Washington, DC

The Grand Hyatt Washington  
1000 H Street Northwest  
Washington, DC 20001

Register NOW!

- Visit [www.PharmacyLearningNetwork.com](http://www.PharmacyLearningNetwork.com)•
- Fax enclosed registration form to 609-371-2733•
- Mail registration form to NACCME at 300 Rike Drive, Suite A, Millstone Township, NJ 08535•
- GROUPS: Call a PLN Registration Coordinator at 609-371-1137•

Portions of this activity are cosponsored by North American Center for Continuing Medical Education, LLC and the University of Kentucky College of Pharmacy

The University of Kentucky is an Equal Opportunity University.

### Agenda

7:00 am-8:00 am	<i>Buffet Breakfast</i>
8:00 am-8:15 am	Welcome & Opening Remarks
8:15 am-9:15 am	Session 1 - Infection Control
9:15 am-10:15 am	Session 2 - Hematologic Malignancies
10:15 am-10:30 am	<i>Break</i>
10:30 am-11:30 am	Session 3 - Hyponatremia
11:30 am-12:30 pm	Session 4 - Anticoagulation
12:30 pm-1:45 pm	<i>Lunch</i>
1:45 pm-2:45 pm	Session 5 - Hemostasis
2:45 pm-3:45 pm	Session 6 - Respiratory Disease
3:45 pm-4:45 pm	Session 7 - Medication Errors
4:45 pm-5:00 pm	Closing Remarks

---

### Target Audience

This activity is designed for health-system pharmacists.

### Activity Overview

Participants will obtain an activity folder, including lecture slides and evaluation completion instructions, onsite before the conference. Participants will be asked to complete all conference evaluations online following the conclusion of the conference. Each 1 hour session requires completion of a unique evaluation for receipt of credit.

In order to access each of the 7 session evaluations, participants will be required to enter the email address provided upon registration for the PLN conference after logging in to [naccme.com](http://naccme.com). Each evaluation **must be completed online** in order to immediately print documentation of credit for that session.

All online evaluations will be available following the conference, and will remain active for 2 weeks following the live event at [www.naccme.com/PLN](http://www.naccme.com/PLN). Participants will be required to register for an account (existing users can sign into an existing account) with [naccme.com](http://naccme.com). **PLEASE NOTE: Registration for the Pharmacy Learning Network conference does not constitute account creation on naccme.com.**

In order to access each of the 7 session evaluations, **participants will be required to enter the email address provided upon registration for the PLN conference** after logging in to [naccme.com](http://naccme.com). Each evaluation must be completed in order to immediately print documentation of credit for that session.

All individuals who participate in the conference and complete and submit the evaluation form online by October 9, 2010 may immediately print their documentation of credit.

**Note: Participants are eligible to receive up to 7 contact hours of continuing education credit. Participants are only eligible for credit for those sessions attended in full.**

### Hardware/Software Requirements

All educational activities are accessible via a computer with 650 MHz PC, 128 MB RAM, Windows or MAC operating system, Internet Explorer, Netscape, or Safari browsers. Windows Media Player, sound card, and speakers are required for streamed audio. Flash Player, sound card, and speakers are required for video programs. A PDF reader is required for print publications. Please direct technical questions to [webmaster@naccme.com](mailto:webmaster@naccme.com).

### Refund Policy

Full refunds will be given until September 11, 2010. To receive a refund, contact PLN at 609-371-1137.

### CPE Accreditation

North American Center for Continuing Medical Education, LLC (NACCME) is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. Each segment of these activities is approved for 0.5 contact hour (0.05 CEU) of continuing pharmacy education (UAN 276-000-10-018-L01-P, 276-000-10-019-L01-P).

These educational activities are knowledge-based activities.

Any participant wanting to file a grievance with respect to any aspect of a continuing pharmacy education activity accredited by NACCME may contact John Savage, Director, Medical Education, NACCME, in writing at 300 Rike Drive, Suite A, Millstone Township, NJ 08535, or by e-mail at [jsavage@naccme.com](mailto:jsavage@naccme.com). The Director of Medical Education will review the grievance and respond within 30 days of receiving the written statement. If the participant is unsatisfied with the response, an appeal to the Vice President, Medical Education, NACCME, may be made for a second level of review.

The University of Kentucky College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

These knowledge-based activities have been assigned UAN 022-999-10-004-L01-P, 022-999-10-005-L01-P, 022-999-10-006-L01-P, 022-999-10-007-L05-P, 022-999-10-008-L01-P, 022-999-10-009-L01-P and will award up to 1 contact hour (0.1 CEU) of continuing pharmacy education credit per activity in states that recognize ACPE providers.

Statements of credit will indicate hours and CEUs based on participation and will be issued online at the conclusion of the activity. Successful completion includes signing in at registration, attending the entire session for which credit is claimed, completing the activity evaluation and requesting credit online at conclusion of the activity. The College complies with the Accreditation Standards for Continuing Pharmacy Education.

**ADA Statement**

The University of Kentucky College of Pharmacy and the North American Center for Continuing Medical Education comply with the legal requirements of the Americans with Disabilities Act and the rules and regulations thereof. If any participant in this educational activity is in need of accommodations, please contact Kristen Jassin at 609-371-1137.

**Disclosure Statement**

All planners, speakers, authors, reviewers and staff members involved with content development for continuing education activities sponsored by the University of Kentucky College of Pharmacy are expected to disclose any real or perceived conflict of interest related to the content of the activity. Detailed disclosures will be included in participant materials or given prior to the start of the activity.

**ANTICOAGULATION**

**Improving Adherence to VTE Prophylaxis Guidelines and Measures: Opportunities for Health-System Pharmacists to Make a Clinical and Economic Impact**

Chair	Presenter
<b>Paul P. Dobesh, PharmD, FCCP, BCPS</b> Associate Professor of Pharmacy Practice College of Pharmacy University of Nebraska Medical Center Omaha, Nebraska	<b>Ann Wittkowsky, PharmD</b> Clinical Professor of Pharmacy University of Washington School of Pharmacy Director of Anticoagulation Services University of Washington Medical Center Seattle, Washington

**Learning Objectives**

- Stratify patients based on venous thromboembolism (VTE) risk and outline appropriate prophylaxis
- Promote adherence to VTE prophylaxis guidelines and measures
- Employ best practices for VTE prophylaxis in special patient populations
- Assist in ensuring the continuity of VTE care through the development and implementation of discharge protocols

UAN 022-999-10-004-L01-P

---

**HEMATOLOGIC MALIGNANCY**  
**Current and Emerging Multiple Myeloma Management Considerations**

Chair	Presenter
<b>David G. Frame, PharmD</b> Assistant Professor University of Michigan College of Pharmacy Clinical Hematology/Oncology/BMT Specialist University of Michigan Health System Ann Arbor, Michigan	<b>Christopher A. Fausel, PharmD, BCPS, BCOP</b> Clinical Director, Oncology Pharmacy Services Hematology/Oncology Section, Department of Medicine Indiana University Simon Cancer Center Indianapolis, Indiana

**Learning Objectives**

- Outline multiple myeloma disease background, including incidence and burden of disease
- Describe the current and emerging treatment regimens for patients with multiple myeloma, including first-line, refractory, and maintenance therapy
- Address supportive care issues relevant to health-system pharmacists for patients with multiple myeloma
- Explain the role of gene expression profiling in multiple myeloma management
- Promote the development and implementation of evidence-based treatment protocols for multiple myeloma management

UAN 022-999-10-008-L01-P

---

**HEMOSTASIS**  
**Effective Strategies for Reaching Hemostasis in Surgical Patients: The Pharmacy Role in Minimizing Morbidity and Costs**

Chair	Presenter
<b>Bradley A. Boucher, PharmD,</b> FCCP, FCCM Professor of Clinical Pharmacy Associate Professor of Neurosurgery University of Tennessee Health Science Center Memphis, Tennessee	<b>Mark A. Malesker, PharmD</b> Associate Professor of Pharmacy Practice Associate Professor of Medicine Creighton University School of Medicine Omaha, Nebraska

### Learning Objectives

- Quantify the impact of transfusions on hospital costs and clinical outcomes
- Outline the safety and efficacy profiles and pharmacoeconomics of available topical and biologic hemostatic agents
- Utilize available resources to achieve hemostasis, improve safety, and reduce morbidity and hospital costs through best practices in monitoring and pharmacologic strategies

UAN 022-999-10-005-L01-P

### **HYPONATREMIA** **Improving Hyponatremia Outcomes in the Hospital Setting**

Chair	Presenter
<p><b>Mark A. Munger, PharmD, FCCP, FACC</b> Professor Pharmacotherapy and Internal Medicine The University of Utah College of Pharmacy Salt Lake City, Utah</p>	<p><b>Michael J. Cawley, PharmD, RRT, CPFT</b> Associate Professor of Clinical Pharmacy Philadelphia College of Pharmacy University of the Sciences in Philadelphia Philadelphia, Pennsylvania</p>

### Learning Objectives

- Identify signs and symptoms of hyponatremia in at-risk patients
- Discuss the role of current and emerging pharmacotherapies according to available safety and efficacy data
- Put into practice prompt diagnosis and management of hyponatremia to reduce morbidity, mortality, and hospital length of stays

UAN 276-000-10-018-L01-P

UAN 276-000-10-019-L01-P

---

## INFECTION CONTROL

### Improving MRSA Outcomes in Your Health-System: Implementing Effective Antibiotic Stewardship and Understanding Resistance Patterns

Chair	Presenter
<b>Robert P. Rapp, PharmD</b> Professor of Pharmacy and Surgery, Emeritus University of Kentucky College of Pharmacy, College of Medicine Lexington, Kentucky	<b>James S. Lewis, PharmD</b> Clinical Assistant Professor College of Pharmacy & Department of Medicine Division of Infectious Diseases University of Texas at Austin College of Pharmacy University of Texas Health Science Center at San Antonio San Antonio, Texas

#### Learning Objectives

- Describe the role of microbiology and in vitro testing techniques in reducing methicillin-resistant *Staphylococcus aureus* (MRSA) infection
- Outline the safety and efficacy profiles of current and emerging MRSA treatment options
- Assist in the implementation of institutional guidelines and protocols for appropriate medical management of MRSA to improve outcomes and minimize unintended consequences of antimicrobial use

UAN 022-999-10-006-L01-P

---

## MEDICATION ERRORS

### Preventing Errors with Opiates: Identifying Risk and Choosing Effective Error Reduction Strategies

Chair	Presenter
<b>Matthew Grissinger, RPh, FISMP, FASCP</b> Director, Error Reporting Programs Institute for Safe Medication Practices Horsham, Pennsylvania	

#### Learning Objectives

- Discuss common medication errors that are associated with the dosing and administration of opiates
- Describe methods to assess data and identify risks associated with the opiate-use process in your institution
- Select high-leverage error reduction strategies to reduce the risk associated with the use of opiates
- Identify measures to monitor the success of medication safety initiatives specific to opiates

UAN 022-999-10-007-L05-P

**RESPIRATORY DISEASE**  
**Reducing the Burden of RSV Infection through Recommended Prevention and Treatment**

**Chair**

**Elizabeth Farrington, PharmD,**  
**FCCP, FCCM, BCPS**  
Clinical Specialist—Pediatrics  
North Carolina Children's Hospital  
Clinical Assistant Professor  
Eshelman School of Pharmacy  
University of North Carolina  
Chapel Hill, North Carolina

**Sherry Luedtke, PharmD**  
Associate Dean for Professional Affairs  
Associate Professor of Pharmacy Practice  
School of Pharmacy  
Texas Tech University Health Sciences Center  
Amarillo, Texas

**Learning Objectives**

- Describe the incidence, burden, and long-term healthcare implications of respiratory syncytial virus (RSV) infection
- Explain the role of health-system pharmacists in screening infants to identify those at risk for RSV infection
- Outline current methods for the prevention and treatment of RSV
- Apply current guidelines and recommendations for the prevention and treatment of RSV in at-risk infants
- Implement discharge management and communication protocols to ensure continuity of care for RSV prevention and treatment

UAN 022-999-10-009-L01-P

**Privacy Policy**

NACCME protects the privacy of personal and other information regarding participants, educational partners, and joint sponsors. NACCME and our joint sponsors will not release personally identifiable information to a third party without the individual's consent, except such information as is required for reporting purposes to the appropriate accrediting agency. NACCME maintains physical, electronic, and procedural safeguards that comply with federal regulations to guard your nonpublic personal information.
